

MUHC Laboratory Services Approved Reference Testing

Laboratories Approved for All Testing

American Red Cross	GeneDX (Gene Testing)	Gene Trait	Invitae (Gene Testing)	Mayo Medical Laboratories	Midwest Transplant Network
PhenoPath (IHC stains)					

Laboratories Approved for Specific Testing Only (Restricted)

ARUP			Athena			VA Hospital			Missouri State Health Lab:		
CSF Albumin Level	Drug panel, Meconium, Screen w Reflex to confirmation	Inflammatory Bowel Disease Differentiation Panel	VGKC antibody (Voltage Gated Potassium Channel Antibody)	Connexin 26 DNA Sequencing	Dystonia DNA	Complement C3	Complement C4	Cryptococcal Antigen Qualitative	Bordatella Pertussis	Microorganism-state confirmation	Microorganism - CDC confirmation
Lactoferrin-stool	Protein Electrophoresis, CSF	Rubella IgM	Natera			Cryptococcal Antigen CSF Qualitative	Urine 24 Hour, Protein electrophoresis	Immunofixation Electrophoresis	Neonatal Screen	West Nile and St. Louis Encephalitis	West Nile and St. Louis Encephalitis CSF
Urine, Citrate Level	Tyrosine	14-3-3 Protein Tau RT-Quick	Horizon Carrier Screen	Panorama Panel	Vistara Prenatal Screen	Protein Electrophoresis	Urine, Immunofixation Electrophoresis	Urine Protein electrophoresis	Lab Corp- Genezyme		
Neurokinin A	Catecholamines, Fractionated, Plasma					Haptoglobin			First Screen	Sequential Screen First Trimester	Sequential Screen Second Trimester
Caris	OPKO Bioreference Laboratory		Kansas State		Cincinnati Children's Hospital			Prevention Genetics	Foundation One		
MI profile	4k prostate score		Rabies RFFIT screening	Rabies RFFIT quantitative	NK Cell Degranulation (CD107a Mobilization) HLH by Flow Cytometry	Serum Matrix Metalloproteinase		Preoxisomal Disorders	Uncommon Obesity Panel	Foundation One Heme NGS	Foundation One Liquid CDX
Quest	USDTL		Wash U - St. Louis		Children's Hospital of Los Angeles		University Of Washington				
JC-Virus Antibody	CordStat 7	CordStat 13	Neuropathy Panel		Pteridine Profiles (82542, 82657) Blood and Urine		Broad Spectrum PCR	Minimal Residual Disease		EGL Genetics	
										Gaucher Disease Biomarker Panel Enzyme Activity	

Unauthorized Laboratories/Testing

Any testing placed on the Unauthorized Test list has been evaluated by the MU Executive Test Utilization committee. These test will not be processed to any reference labs and any testing in house has ceased.

MTHFR: Effective Nov 1st, 2021

MUHC Laboratory Services Approved Kit in a Box Testing

Contingent on Criteria Listed in Navex

Prometheus			Care DX	Blueprint Genetics	Eurofins	Prevention Genetics			Natera	Vectra	Exagen DGS
IBD Diagnostic	TDM Vedolixumab	TDM Risk for AB to Infliximab (ANSER-IFX)	Allosure	Retinal Dystrophy	TRUGRAF	Peroxisomal Disease	Uncommon Obesity Panel	Hypocalcemia/Hypoparathyroid Panel	Empower	Disease Activity Test	Avise Connective Tissue 2.0
Saving Sight											
Vital Tears
